

ANNUAL REPORT 2021 -22

The academic year 2021 brought in a revolutionary change in the school's activities as the persisting corona pandemic had propelled the Judian fraternity to move on to the online mode.

Classes began online on June 1st 2021. The board exam results ushered in great joy as Fizah Afzal and Haneen Ameer of Std XII secured 99 % from science stream and Jiya John secured 95.2 % from the Commerce stream . In Std X Helen Jake was the topper with 97.4 %.

Judian Fest was conducted in the online mode on 23rd and 24th July 2020. Students eagerly participated from the confines of their homes as it was a novel experience for the participants and the judges. Our kindergarten students celebrated Children's Day with Baby King and Baby Queen Competition.

Paper Dress Making Competition was also conducted. Virtual field trips were arranged for all classes from Std I to XII to enhance joyful learning.

The teaching faculty was equipped with the latest innovative pedagogy as they attended online training programmes on Competency based learning, Constructivism and Education in Blended Technology.

As Covid cases dropped, the students of Std X and XII were brought to the classrooms and were rigorously trained for the board exams. The year was full of challenges, yet we could tackle all those with the concerted efforts of the management and the teaching faculty.
